VICTORIA'S LONGEST RUNNING, AWARD-WINNING FARMERS' MARKET

With so many growers and producers in the area, we formed the Yarra Valley Regional Food Group and created this map to help you plan your route. When you're looking for our properties, look out for our Food Group members' distinctive blue and orange sign.

For over 20 years we have held our farmers' market once a month in the Yarra Valley, selling the very best of what's fresh, in season and locally produced.

Our market is held on the third Sunday of the month, year round, in the beautiful grounds of one of the valley's best loved wineries - Punt Road. A James Halliday 5-star rated winery, Punt Road is steeped in history, and was founded on the site of the original St. Hubert's vineyard, home to some of the first vines in the Yarra Valley planted back in the 1860s by Paul and Hubert de Castella.

It's a magical location for a farmers' market, being surrounded by orchards and vineyards - it lends itself to people buying what's fresh and seasonal and many stalls have items on tasting so you get to 'try before you buy', plus you're often served by the grower/ maker so have the unique opportunity to ask them about their products. People can enjoy wandering and shopping among the gorgeous stalls, have a bite to eat on the lawn and even take in a wine tasting at the cellar door - all while the kids challenge one another to a game of bocce on the court.

Dogs are welcome too on a lead, so it's a very convivial family-friendly occasion and the location is central to the Yarra Valley, so well placed for exploring other cellar doors and attractions after your visit to the market.

Our monthly farmers' market produce reflects whatever's in season, and comes with the fewest food miles - so you can stock up on fresh fruit & veg safe in the knowledge it was grown locally and picked recently.

Come and sample your way around our market, meet the makers and growers and buy direct from them as you learn about their produce. It's bound to be the perfect time for breakfast, brunch or lunch as the market runs from 9am to 1.30pm. Bring a rug and find a shady spot under the trees as you sip on a local coffee or freshly squeezed juice, and savour what's in your basket - fresh fruit and veg, locally baked bread, free-range eggs, honey, sauces, jams, relishes, herbs, spices, chocolates, locally made cakes, bickies...

EACH SEASON BRINGS NEW WONDERS...

Our grape vines are eye catching in their in various stages of growth, from the turning colours in autumn, to a hard prune, bud burst in spring followed by harvest. Catch the pretty blossom of the valley's orchards during spring, and trees laden with fruit in summer.

Wander through the lavender in bloom over Christmas, and pick your own fruit, see mushrooms growing wild after rain in winter, along with garlic, herbs and hearty winter veg.

The Yarra Valley is a delicious destination all year round and we hope to welcome you soon.
